Marine Geology Volume 129, 1995/1996

Regular Research Papers

Morphodynamics of meso- and macrotidal beaches: examples from central Queensland, Australia
G. Masselink and B. Hegge 1

Morphodynamic evolution of a macrotidal barrier estuary
G. Lessa and G. Masselink 25

Stratigraphic control of the geochemistry of Holocene inner-shelf facies, Great Barrier Reef
I.A.K. Ward, P. Larcombe and C. Cuff 47

Thermoluminescence dating of dune podzols at Cape Arnhem, northern Australia
B. G. Lees, J. Stanner, D.M. Price and L. Yanchou 63

Shell mound formation in coastal northern Australia
T. Stone 77

Geochemical record on early diagenesis of recent Baltic Sea sediments
V.-P. Salonen, T. Grönlund, A. Itkonen, M. Sturm and I. Vuorinen 101

Rare earth elements in phosphorite and associated sediment from the Namibian and South African continental shelves
R.T. Watkins, Y. Nathan and J.M. Bremner 111

Bed shear stress measurements for VIMS Sea Carousel
J. P.-Y. Maa, C.-H. Lee and F.J. Chen 129

Technical Note

The measurement of pebble impacts and wave action on shore platforms and beaches: the swash force transducer (swashometer)
A.T. Williams and G.T. Roberts 137

Special Section: Beach Ridges. Edited by W.F. Tanner

Introduction
W.F. Tanner 147

Origin of beach ridges and swales
W.F. Tanner 149

Beach-ridge development in Lake Michigan: shoreline behavior in response to quasi-periodic lake-level events
T.A. Thompson and S.J. Baedke 163

Beach-ridge development and sediment supply: examples from West Africa
E.J. Anthony 175

Letters Section

Nile delta: extreme case of sediment entrapment on a delta plain and consequent coastal land loss
D.J. Stanley 189

Morphology of San Antonio submarine canyon on the central Chile forearc
R.A. Hagen, H. Vergara and D.F. Naar 197

Regular Research Papers

North Atlantic deep-sea sedimentation of Late Quaternary tephra from the Iceland hotspot
C. Lacasse, H. Sigurdsson, S. Carey and M. Paterne 207

Gas venting and late Quaternary sedimentation in the Persian (Arabian) Gulf
E. Uchupi, S.A. Swift and D. A. Ross 257

Reworking and discontinuities in Holocene sedimentation in the Nile Delta: documentation from amino acid racemization and stable isotopes in mollusk shells
G. A. Goodfriend, D.J. Stanley 271

Foraminiferal biofacies on the mid-latitude Lincoln Shelf, South Australia: oceanographic and sedimentological implications
Q. Li, B. McGowran, N.P. James and Y. Bone 285

Sand and rhodolith-gravel entrainment on the mid- to outer-shelf under a western boundary current: Fraser Island continental shelf, eastern Australia
P.T. Harris, Y. Tsuji, J.F. Marshall, P.J. Davies, N. Honda and H. Matsuda 313

Hydrothermal clay minerals found in sediment containing yellowish-brown material from the Japan Basin
S. Aoki, N. Kohyama and H. Hotta 331
Analysis procedure for and application of a device for simulating sediment entrainment
M.A. Abdelrhman, J.F. Paul and W.R. Davis 337
Boron contents and isotopic compositions in pore waters: a new approach to determine temperature induced artifacts—geochemical implications
C.-F. You, A.J. Spivack, J.M. Gieskes, J.B. Martin and M.L. Davisson 351

Errata 363
